20+ years experienced web developer focused on HTML, CSS, native JavaScript utilizing jQuery library and Drupal CMS.

Languages: CSS3, HTML5, JavaScript, jQuery, PHP, Twig

Applications: Photoshop, Illustrator, VIM/terminal, BBEdit, Sublime

Technologies: Drupal CMS, Git, Acquia IDE, Acquia SiteFactory

## Experience

### Independent Contractor, ABB Optical; Coral Springs, FL — 2013-Present

- **Drupal Front-end:** responsible for HTML5, CSS2/3 & jQuery/JavaScript development.
- **Drupal Back-end:** customize TWIGs, Views, Taxonomy, Templating, Drush, Git and Composer.
- **Drupal:** Developed from marketing approved style guide Abboptical.com on Drupal using taxonomy, views and custom blocks.
- **Drupal:** manage and maintain ABBOptical.com and YourLens.com to latest Drupal security updates per ABB Optical's release schedule.
- **Drupal:** successfully migrated ABBOptical.com and YourLens.com from Drupal 8 to Drupal 9..
- **Drupal:** successfully migrated Primaryeye.net (now ABBOneBill.com) from Drupal 7 to Drupal 9.
- **Drupal:** Leverage Acquia Cloud IDE to manage multiple Drupal sites using Site Factory and multi-site installations.
- **Drupal:** test, troubleshoot and implement new features and 3rd-party modules.

### Independent Contractor, Zumba Fitness; Hallandale, FL — 2012 (Jan-Dec)

- Front-end developer responsible for HTML5, CSS2/3 & JavaScript development.
- Using HTML, CSS and jQuery converted beautiful, but highly technical graphical designs into usable web pages.
- Used Magnolia CMS to transition code through staging, testing and production.
- Relied on JIRA for bug submission, tracking and project management.

### U/X Developer, MovieTickets.com; Boca Raton, FL — 2010-2012

- Front-end developer responsible for (X)HTML, CSS & JavaScript production updates of MovieTickets.com.
- Migrated legacy CSS, JavaScript (jQuery) & (X)HTML to new .NET platform.
- Updated and maintained legacy CSS, JavaScript (jQuery) & (X)HTML.
- Ensured site maintains continuity and usability across 3 different languages in 13 countries.
- Worked closely with back-end developers to deliver functional, high-quality products in a timely manner.

## Education

**JavaScript Certification**, Atlantic Technical Center; Coconut Creek

**Associate in Applied Science Degree** - Marketing; Madison Area Technical College; Madison, WI
